

Bookshelves in BRA office

Do you regularly check what's new in the bookshelves on each floor? Have you had luck to find anything interesting? If so, let us know!

We love the idea of 'Domov použitých kníh' - <http://www.knihyknihy.sk/sk/onas/> to give books the second chance. I am always very pleased when I see the books for example by a well-known German-Jewish novelist and playwright Lion Feuchtwanger! How many times could I find the Slovak book with the signature of its author? You can even find books in English or German languages. Just watch out for good reading in this summer period.

If you have some books you have already read, but you would like to "get rid" of them, you can bring them to our bookshelves at Dell or donate them to the nearest library in your town. I had the possibility to help save the library in Lehota pod Vtáčnikom near Prievidza. The library is in a very nice surrounding, but it is missing the new arrivals. There had been many old books and the library needed to get some new to attract new readers and schools so they asked for help.

If you are not sure which library needs your help, you can contact 'Daruj knihu knižnici' – see the page: <http://bratislava.dnes24.sk/mate-doma-prebytocne-knihy-inspirujte-sa-skupinou-daruj-knihu-kniznici-220694/> and they will distribute your books to the libraries which have asked for book donation.

Happy reading and sharing!
